

Arena Guidelines and Etiquette

Show season is fast approaching and we cannot wait to see everyone! BUT we understand stress about proper etiquette in the warmup pen happens. WE ARE HERE TO HELP!

- ✓ Circles must be facing the judge's chairs, on the left wall of the arena.
- ✓ No Stopping/Standing where the 2 circles meet. Stop/Stand inside the circle as per the diagram below. Spins/Standing are to be done in the middle of each circle.
- ✓ Walking/Trotting happens inside each circle.
- ✓ Loping/Extended Trotting happens in the middle of each circle.
- ✓ Fast circles are for the furthest outside of each circle.

A few other key points to remember:

- ✓ Each circle runs on different leads.
- ✓ If the warmup pen is too small for 2 sets of circles and you want to switch directions, CALL OUT "switch directions" and make sure everyone has heard, then proceed with the change of direction.
- ✓ If you are slowing speeds, changing to the other circle, or are trying to get of the warmup pen – please look over your shoulder before you do anything to make sure you give ample time to other riders to adjust accordingly.
