The Reining Alberta Performance Program (RAPP) is a local breeding program designed to enhance the former Reining Alberta Sire Incentive Program. The goal is to increase participation and purses. The program was expanded to allow any foal to be nominated to the program according to the fee schedule included here. Foals sired by enrolled Stallions will be eligible for nomination into the program at **significantly reduced rates**. The goal is to promote local stallions and have a program that will also benefit local breeders who chose to breed to other stallions.

**Economical Participation**

For an enrollment fee of \$550 all offspring of enrolled Stallions are eligible to enroll in the Performance Program at significantly reduced rates.

**Promotional Opportunities**

Help promote your Stallion with enrollment in this prestigious program. This included a \$50 Showcase fee to have your stallion featured in the Stallion Showcase at all 3 Classic Shows.

**Recognition**

There is a \$500 Sire Award to the highest placing Sire Incentive Offspring in the Open Level 4 Futurity & Open Level 4 Maturity.

**Enhanced Payouts**

Entry fees will be 5% of the added (far less than a normal class) and 95% of the entry will fee is added directly to the purse!
